Sabinillas Tuesday Coffee Mornings

We meet each Tuesday from 11am for coffee and a chat at
The Cafe, American Bistro,
At the eastern end of the Sabinillas Paseo.
Please call Sylvia on 620052 440 for more details

Café y Color Charity

This charity which we support does NOT NEED any more donations of clothing or shoes. **They still are collecting** food for people to cook/heat up themselves. So, single tins of beans, tuna, tinned fruit etc plus small **individual** sized toiletries are very much appreciated, not large size packs. Please bring any items to church where we can pass them on.

PLEASE ENSURE THAT ANY FOODSTUFFS DONATED ARE IN DATE!

THANK YOU!

SAFEGUARDING

In accordance with the Diocese of Europe Protocol and policy, this church has its own Chaplaincy Safeguarding Officer (CSO) who is Jean Kerr-Hill. If you have any concerns or questions with regards to 'Safeguarding', please contact us on info.costachurch@gmail.com or Jean on sgojkh48@yahoo.com

THE BIBLE PROJECT

Do you want to know more about the Bible, but unsure how to go about it? The Bible Project (www.bibleproject.com) is an excellent place to start to learn more, containing short and easy to follow videos on all the books of the Bible as well as many of the themes. It also has articles, podcasts etc. on many Biblical themes. It is a great introduction to some of the lesser-known books as well as a great resource for exploring more complicated issues of our faith and understanding God's plan for us. It is definitely worth checking out.

THIS WEEKS RECOMMENDED BIBLE PROJECT VIDEO

This week we recommend that you watch the overview of the 2nd part of Book of Isaiah [Book of Isaiah Summary | Watch an Overview Video \(Part 2\) \(bibleproject.com\)](#)

Save Our WATER

Since water is a limited resource and it is important to each of us every day, water conservation is essential. By following these water conservation tips in the home you can help conserve water every day, whether there's a drought or not.

Inside Home

KITCHEN

- Wash vegetables in container, not under running water.
- Use dishwasher for full loads only. Information about water and energy efficient dishwashers is available at: http://www.cowec.org/residential_dishwashers.html.

BATHROOM

- Install low-flow shower heads.
- Take shorter showers. (Showers kept under 5 minutes can use per about 11 gallons per shower.)
- If you take a bath, fill bathtub less than halfway. (You can save 10-13 gallons per bath.)
- Install a high efficiency (HET) 1.28 gallons per flush toilet. (Check with your water supplier for current rebate information.)
- Install aerators on bathroom faucets. (Most homes built after 1992 already have these fixtures.)
- Turn water off when brushing teeth and soaping hands.

LAUNDRY ROOM

- Use washing machine for full loads only.
- Information on washers and current rebates available at http://www.cowec.org/efficient_clothes_washers.html.

Outside Home

LANDSCAPE

- Irrigate your yard in the morning or evening when temperatures are cooler.
- Check your sprinkler system frequently and adjust sprinklers so only your lawn is watered and not the house, sidewalk, or street. Install precise landscaping irrigation, use rotating nozzles to save water and eliminate wasteful runoff.
- Choose water-efficient irrigation system such as drip irrigation for your trees, shrubs, and flowers.
- Water deeply but less frequently to create healthier and stronger landscapes.
- Plant drought-resistant trees and plants.
- Information about evapotranspiration (ET) and weather-based irrigation controllers is available at http://www.cowec.org/irrigation_controllers.html.

CLEANUP

- Use brooms to clear driveways, sidewalks, patios and walkways.
- Wash cars/boats with a bucket, sponge and hose with self-closing nozzles.

ACTIVITIES

- Install a poolplug cover to reduce evaporation and filter backwash.
- If dipping a pool is necessary, find a use for the water.
- Check your pool and pool plumbing for leaks.

Tips on Leaks

Lots of water can be lost by little leaks. A small drip can waste 70 gallons of water in a day and more than 1,000 gallons a day can pour through a steady leak of one-sixteenth inch in size. Fix leaky faucets and toilets right away. When hot water is dripping, energy is also being wasted. Since a leak can be a major water waste, always fix any leak as soon as possible.

PIPE LEAKS

To detect unseen leaks, read your water meter. Don't run any water for one hour, then read your water meter again. If the meter has moved, you may have a leak.

FAUCET LEAKS

Most leaks, besides toilet leaks, are in the faucets, and most are mainly due to worn washers. Listen for running water when plumbing fixtures are closed and water-using appliances are off. Check your tap a couple of times a year to see if all the faucets are working properly.

TOILET LEAKS

Put food coloring in your toilet tank and wait for 30 minutes. If it seeps into the toilet bowl, you have a leak. Many toilet leaks can be fixed with simple tools and a do-it-yourself manual.

San Pedro News

If you have anyone you would like included in the service prayers this week, let Patricia know at: patricia.g2515@hotmail.co.uk

This week we have a Service of the Word entitled

Something completely different,

led by Andrea

Tony returns next week when we will have our normal Eucharist Service, for the Twelfth Sunday after Trinity.

Can we remind everyone to buy a little extra each week when you shop.

Look out for the buy one get one half price offers on pasta and the like, and bring two packets of whatever for our charity donation box, and it is easy to slip in a carton of long-life full cream milk, and occasionally splash out on cooking oil. If we all bring a little the charities benefit a lot.

One week donations go to Emaus in Estepona and the next to Caritas here in San Pedro. Although the cost of living is rising, most in our congregation can absorb the extra costs, but many in our communities are really struggling to feed themselves and their families.

Please continue to remember those less fortunate than ourselves.

Keep supporting our local charities who are struggling to feed many families.

This weeks donations will go to Emaus in Estepona .

Items needed most for all the charities:-

Milk, cooking oil, potatoes, rice, tomate frito, lentils, pastas, tuna, chick peas, flour. All the essentials and perhaps some treats.
